# BLESSING OF PADRINHO ALFREDO

**In the name of God** our Father and the Virgin Mother, of Our Lord Jesus Christ the Redeemer and St. John the Baptist, in this moment connected with Padrinho Irineu and Padrinho Sebastião, we lift our minds to our Master Juramidam. Let's seek the positive energy of Harmony, Love, Truth and Justice for the entire irmandade. I wish you all a Happy Festival and for all of you a Happy New Year full of divine protection, so that we can continue in 2022 with progress and peace.

## ICEFLU HAS 70 CHURCHES IN PROCESS OF BECOMING AN ASSOCIATED

The year 2021 was a year of consolidation of the membership. With this goal, the institution worked to strengthen the associative movement with the churches, through a process of listening, integration, transparency and collective construction of ICEFLU. Throughout the year, the Executive Administration carried out consultations with each interested center, with Legal Department service working on the institutional regulation of the churches. Today, our institution is made up of centers committed to the doctrinal mission of Padrinho Sebastião.

## ICEFLU EXECUTIVE ADMINISTRATION IN MAPIÁ

At the end of November, the Executive Administration team visited Céu do Mapiá, the world headquarters of our institution. The proposal was to further strengthen the dialogue with residents and other organizations that work within the community, and to structure the membership campaign with the Mother Church. Representatives from the Nova Era Institute and the Elos Institute also participated in the visit.

## ORGANIZATION OF THE CHURCH OF CÉU DO MAPIÁ

While the construction of the new Mother Church is in progress and the community is closed for visitation, the irmandade of Céu do Mapiá takes the opportunity to reorganize and prepare for the new times. Several meetings took place in the community to align and plan the departments of the church, as well as to organize the management and create workgroups for the progress of actions at the world headquarters of our Doctrine, for this and the upcoming festivals.

# MAPIÁ WOMEN'S MEETING

**In November**, the ICEFLU Women's Workgroup held meetings with women from Mapiá to build a space for open conversations on issues related to women. One of the meetings included the participation of the management team of the Mother Church. A timeline of the construction of the building and acquisition of equipment for the General Kitchen and the Novo Tempo Novo Sistema Community Activities Center was presented – achievements of women's organization, through EMFLORES, in union with the irmandade, aiming for the autonomy of the women from Mapiá.

## ASSOCIATION INAUGURATES NEW HEADQUARTERS

The Vila Céu do Mapiá Residents' Association – AMVCM – held the inauguration of its new headquarters, the Lucio Mortimer Building. Through a contribution from the Nova Era Institute (INE), and with the support of Community Forestry Management and ISAVIÇOSA, the building was inaugurated on the 5th of June by Padrinho Alfredo, Padrinho Valdete and Maria Eugênia. The architectural ensemble of the new headquarters also includes a small park with plaques in honor of Padrinho Sebastião and the Ten Commandments.

# STUDENTS FROM ESCOLA CRUZEIRO DO CÉU PARTICIPATE IN THE FEITIO

The Cruzeiro do Céu State School, seeking to encourage and nurture the Doctrine in its learning process, participated in the community feitio with students from the 3rd year of Elementary to High School. "To study in this school of the Lord", where spiritual teachings are also part of daily life, students and teachers become apprentices to the veterans of the community, who teach the new generations the knowledge regarding the workings of the feitio.

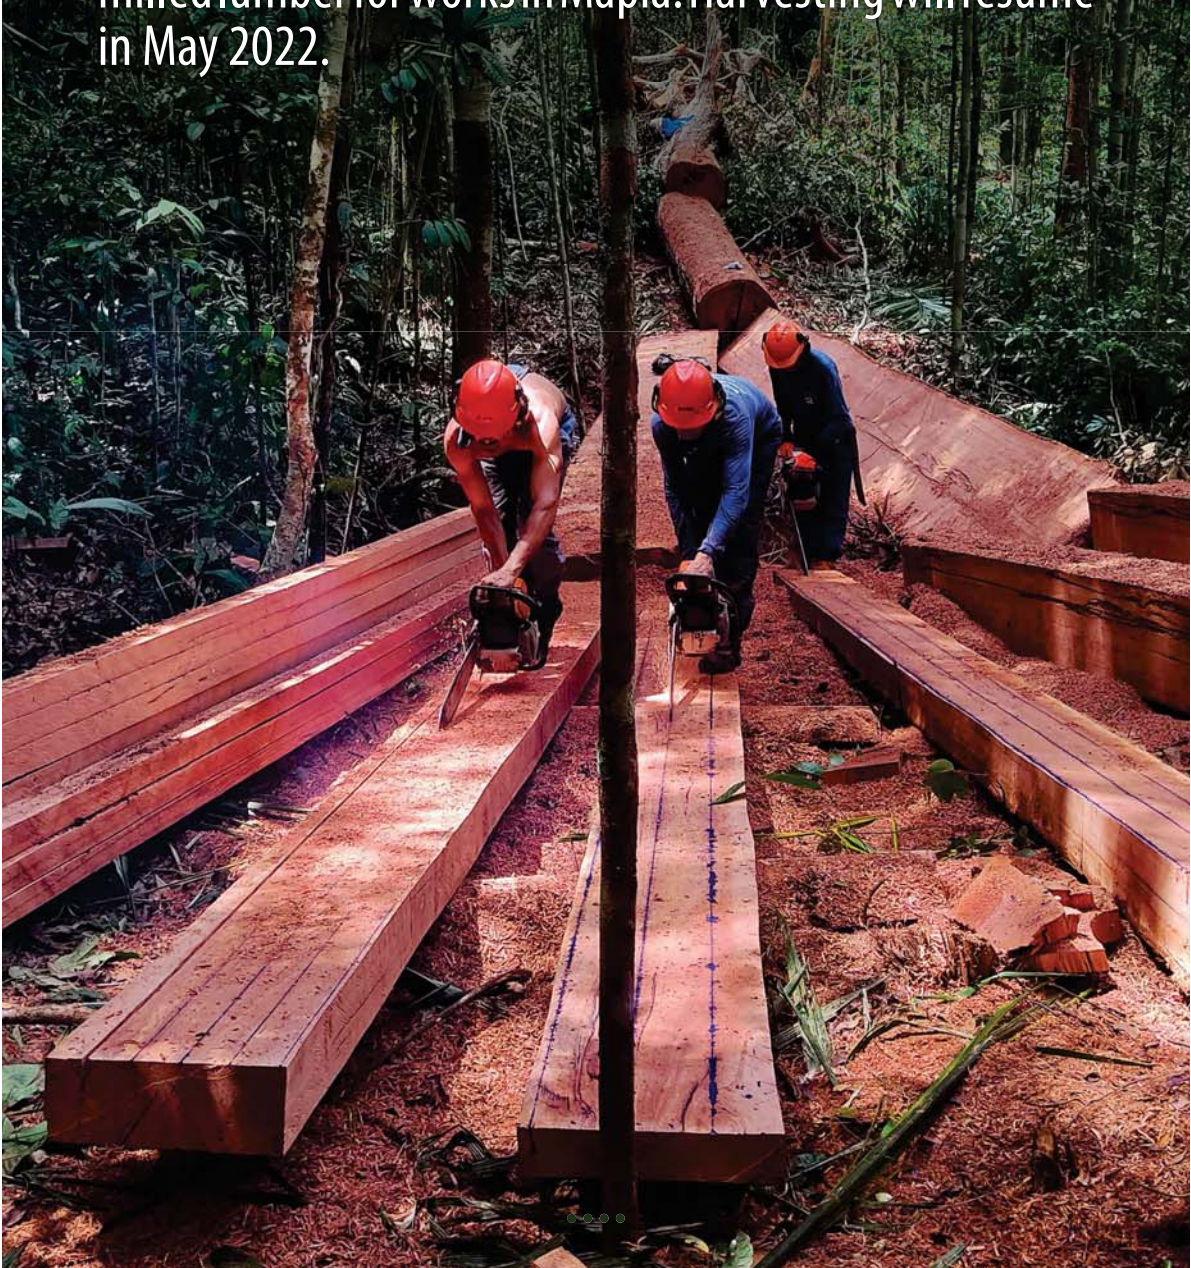

## PADRINHO SEBASTIÃO CULTURAL CENTER

On November 21st, the Padrinho Sebastião Cultural Center was inaugurated in Colônia Cinco Mil. There were months of struggle, and joint efforts with the community and supporters, which helped make this dream come true. To structure the Cultural Center and the Memorial, the group Friends from Cinco Mil participated in creating the public notice of the Law of Incentive to Culture of the Municipality of Rio Branco (AC), through the Garibaldi Brazil Foundation, and had the project approved. And, with campaigns and raffles, funds were raised to make the old school space cozier.

# FOREST STEWARDSHIP COUNCIL CERTIFICATION

The Vila Céu do Mapiá Community Forest Management team celebrated the renewal of FSC certification in November after the third audit carried out by IMAFLORA. This seal of quality is an international recognition of good forest management practices, which also consider social and environmental aspects. The group also ends 2021 with 35 trees harvested, which generated 50 m<sup>3</sup> of milled lumber for works in Mapiá. Harvesting will resume in May 2022.

## SEVERINO AMILTON PESSOA

4/14/1954 -12/5/2021

**Severino** was born in Paraíba and arrived at Colônia Cinco Mil at a very young age. He was the caretaker and faithful guardian of Padrinho Sebastião and Madrinha Rita's house, until the day of his passage to the spiritual plane. He was a healer and charitable prayer for the sick and afflicted, who sought him out for relief from their pain. Per his own request, he made his passage in Madrinha Rita's house, accompanied by his heartfelt family. Jesus accompanies you together with the Virgin Mary, dear brother!

## SANTO DAIME

**SANTO DAIME INFORMA** is produced by the ICEFLU Communication Department. This bulletin aims to report on what is happening in our irmandade and within our institution. Many projects, initiatives and improvements have been carried out and we believe that, in line with our Padrinho Sebastião, what counts is the “good news post office”.
